

Level 1

Assignment 1: Profile Card

Task:

Design a profile card containing:

- Profile photo
- Name, designation & short bio
- Social media icon buttons

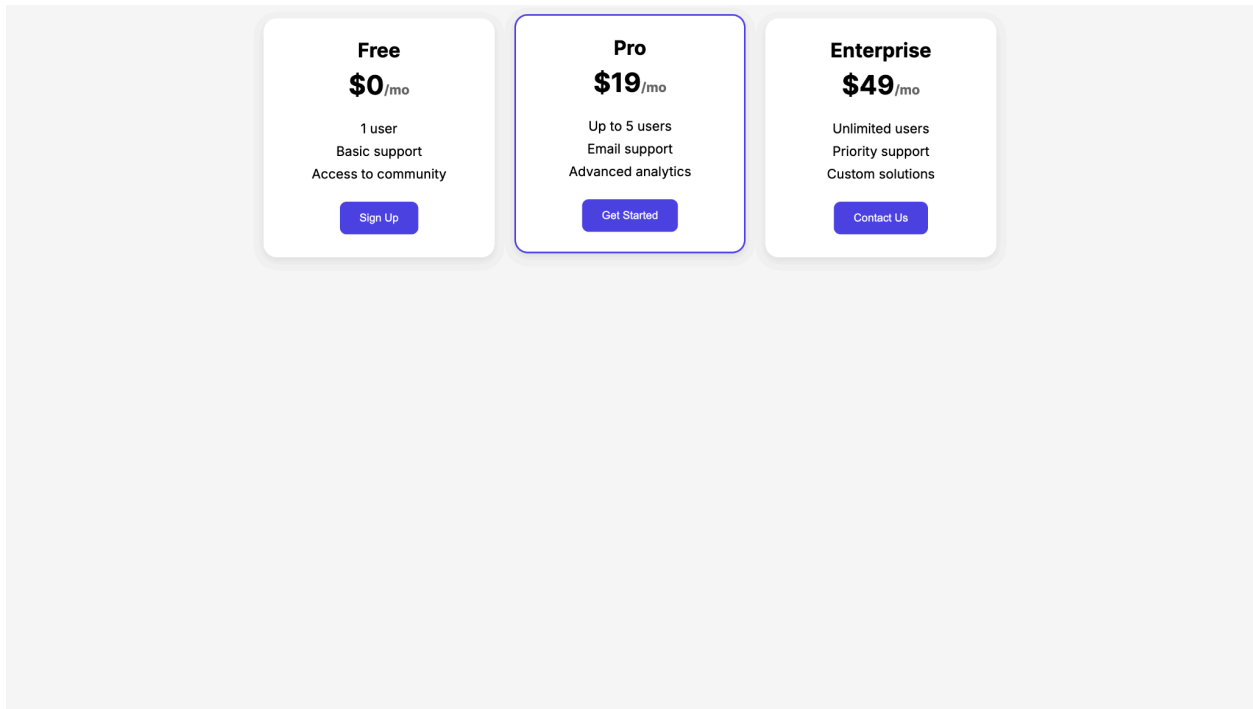

Focus Areas in Design:

- Center alignment
- Basic spacing and padding
- Font hierarchy (name vs. bio)
- Consistent icon button sizing

What Developers Will Learn:

- HTML structure for cards
- CSS Flexbox basics
- Applying consistent spacing and typography

Assignment 2: Pricing Card Grid

Task:

Create a responsive pricing grid with:

- Plan titles (e.g., Free, Pro, Enterprise)
- Features
- Highlighted "Recommended" plan
- CTA buttons (e.g., "Get Started")

Focus Areas in Design:

- Reusable card styles
- Equal height columns
- Emphasis on selected pricing tier
- Clear CTA buttons

What Developers Will Learn:

- CSS Grid or Flexbox for multi-column layout
- Card hover/active states
